

JOB DESCRIPTION: SITE FITTER

At PRO Stainless, we have brought together the expertise, the team, the craftsmanship and the facilities, to deliver the most challenging of stainless steel projects. Since 2001, we have been developing innovative high-end solutions for cleanrooms & hygienic environments, architectural metalwork purposes and production & manufacturing sites across Ireland, the UK and internationally.

We have an exciting role for an enthused Site Fitter, who will work as part of our manufacturing team – fitting, laying out and fabricating high-end stainless-steel designs and products.

Title

Site Fitter

Location

Co Louth, Ireland

Reporting to:

Contracts Manager

Task

As Site Fitter you will be responsible for, but not limited to:

Roles and responsibilities

- Lay out, fit and fabricate metal components to assemble structural forms using knowledge of welding techniques, metallurgy and engineering requirements.
- Undertake general workshop fitting skills including machining, burning, and welding and lifting operations.
- Read and interpret engineering drawings of various parts to ensure correct tolerance and fits are maintained for efficient operation.
- Inspecting grooves, angles, or gap allowances using micrometre, calliper and precision measuring instruments.
- Removing rough spots from workpiece using portable grinder, hand file, or scraper.
- Adhere to all health and safety guidelines.
- Ensuring that your place of work is safe and tidy.
- Driving a MEWP or other access equipment.

Skills required

- Excellent listening skills
- Problem-solving abilities
- Critical and initiative thinking

PRO/STAINLESS

- Good timekeeping and adherence to company and site rules
- The ability to work as part of a team or by yourself.

Qualifications

- Valid Safe Pass
- Manual Handling Certificate
- Abrasive wheel preferred
- IPAF MEWP Training
- Experience favoured

Previous experience

- Working in a pharmaceutical setting/clean room environment is advantageous
- Minimum 2 years' experience on building sites
